

Curriculum vitae

Personal Information

Name: László Udvardi

Date of birth: 14 November, 1960

Place of birth: Budapest, Hungary

Nationality: Hungarian

Married since 1991

Office address: [Department of Theoretical Physics](#)

[Institute of Physics](#)

[Budapest University of Technology and Economics](#)

[Budapest Műegyetem rkp. 3, Budapest, Hungary H-1111](#)

E-mail: udvardi@phy.bme.hu

Fax: 36-1-4633567

Education:

1980-1985 physics studies at the Faculty of Science of the Eötvös Loránd University Budapest [Eötvös Loránd University Budapest](#)

1985 Master of Science degree

1995 Ph.D. degree of Hungarian Academy of Sciences : *The UV spectrum and geometrical structure of C_{60}*

Fellowships, honors:

1985-1988 "TMB" Scholarship of the Hungarian Academy of Sciences

1985-1990 scientific assistant at the Institute of Physics, Technical University of Budapest

1990-1997 research fellow at the Department of the Theoretical Physics, Budapest University of

Technology and Economics

- 1997- senior research fellow at the Department of Theoretical Physics, Budapest University of Technology and Economics
- 1997-1998 senior research fellow at the Condensed Matter Research Group of the Hungarian Academy of Sciences.
- 1998- senior research fellow at the Department of Theoretical Physics, Budapest University of Technology and Economics
- 1992-2008 Guest researcher at the [CMS Wien](#)
- 1992 Scholarship of the International Center for Theoretical Physics (Triest, Italy)
- 1998-1999 "Bolyai" research grant of the Hungarian Academy of Sciences
- 2004 [Member of the finalist group for the Descartes prize](#)

Scientific interests:

- Electronic structure calculations in solids and in molecules
- Magnetic properties of thin films, spin-waves
- Magnetic phase transitions in thin films
- Fullerenes and nano tubes

Udvardi Laszlo 2003-05-14
